Professional Summary

Software Engineering graduate with a background in Python, backend development, REST APIs, SQL databases, and AI-powered applications. Experienced in developing web applications through a Python Full Stack internship and building computer vision and machine learning projects. Familiar with object-oriented programming, Git, debugging, and software development fundamentals. Interested in backend engineering, AI integrations, cloud-native systems, and scalable software.

Education

B.E. in Computer Science and Engineering (AI & ML) Dec 2022 – Jun 2026
RL Jalappa Institute of Technology, VTU CGPA: 8.92/10

Technical Skills

Languages: Python, Java, JavaScript
Backend: Flask, Django, FastAPI, REST APIs, CRUD Operations
Databases: MySQL, SQLite
AI and Data: Machine Learning, Deep Learning, NLP Basics, LLMs, OpenCV, MediaPipe, NumPy, Pandas
Software Engineering: OOP, Git, GitHub, SDLC, Problem Solving, Debugging
Additional: HTML, CSS, React.js, Vite, Cloud Computing Fundamentals

Internship Experience

Python Full Stack with GenAI Intern Feb 2026 – Jun 2026
Dhee Coding Labs, Bengaluru

- Developed web applications using Python, Django, HTML, CSS, and JavaScript.
- Worked with SQL databases, CRUD operations, and Git-based version control during application development.

Projects

PhysioFlex – AI-Powered Virtual Physiotherapist

- Built an AI-powered rehabilitation application using Python, OpenCV, and MediaPipe for real-time movement tracking and posture correction.
- Implemented posture analysis with a reported 94% accuracy in the project evaluation.

Plant Disease Detection

- Developed a CNN-based image classification model using TensorFlow and OpenCV to identify plant diseases.

AirCommand HGR – Hand Gesture Recognition

- Built a real-time hand gesture recognition system using Python, OpenCV, and MediaPipe for touchless computer interaction.

Publication and Achievements

- **IEEE IKECS Conference, 2026:** Published research on PhysioFlex, a context-aware rehabilitation framework using multimodal sensing.
- **1st Place:** RLJIT Mini Project Expo, Mar 2025.
- **1st Place:** Tech Avishkar, RLJIT, Dec 2025.
- **2nd Runner-Up:** NMIT Hacks, May 2025.

Certifications

Python Full Stack with GenAI – Dhee Coding Labs, 2026 | Cloud Computing – NPTEL, 2025

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
